We discuss research, DO NOT offer advice (just fucking go see your doctor), make fun of premeds and shitpost. Please keep vaccination/clamping/vitamin K/soliciting advice out of this thread and start your own because it takes a lot of space.

>inb4 not science  
>inb4 poor amerimutts wanting medical advice

Two threads with plenty of new studies from me.

Though I'm the first person to use DFO intranasally I don't want to make my experience with it have more attention than the nuanced arguments and data I've presented over the past several days.

Would it be possible to pursue a major in chemistry, then go for master's and PhD and then go to medschool and become a surgeon (OFMS more precisely) ?

>> ☐ **Anonymous** Mon Jun 13 23:59:03 2022 No.14569869

whats up with the deferoxamine spam? someone must be getting paid to spam these commercial advertisement disguised as legit threads.

stop spamming threads

>> ☐ **Anonymous** Tue Jun 14 00:11:31 2022 No.14569916

>>14569880

sci is subject to paid spammers pushing viral marketing schemes because the moderation team here permits it, its good odds that the mods are getting paid to leave the spam advertisements up, because the mods delete wrongthink content almost immediately.

[>>14569109](#)

they're convinced it's just "schizophrenia", as Pax is kiraposting, and, as usual, they're too lazy ("busy")/retarded to read through the studies.
